# AIR 100

Compact inflatable life jacket, ISO 12402-4 certified, class 100, effective buoyancy 100 N, quick-release clasp closure system in acetal resin with integrated adjustment.

Can be supplied with optional equipment, not suitable for mandatory equipment required aboard under Italian legislation.

Designed for recreational activities in internal and/or coastal waters, in favourable weather conditions, with the possibility of awaiting rescue in calm waters.

Designed to maximise efficiency and limit bulk, whilst minimising costs.

## DIMENSIONS AND WEIGHTS

Thickness: 4.5 cm

Height: 29 cm

Width: 21 cm

Weight: 450 g

## CASING FEATURES

- Quick-release clasp with integrated adjustment
- Rescue assistance loop
- Lifting handle

PULL · TIRARE · TIRER · ZIEHEN

## VERSIONS

| CODE  | PRODUCT NAME | ACTIVATION | ACTIVATORS      |
|-------|--------------|------------|-----------------|
| 07201 | AIR 100      | MANUAL     | UML MICROMANUAL |

# AIR 100

Floatation chamber with single compartment in PA 420 PU COATED material with electronically-controlled high-frequency welds. Provides optimal positioning and perfect stability in the water. The thrust rotates an unconscious person and angles them so as to keep their airway free of water. What's more, once the chamber is inflated, it is possible to swim unimpeded to reach safety or to quickly climb into a lifeboat.

## ACTIVATION SYSTEMS:

- Manual: the system is operated through pulling the dedicated lever. The product comes with the UML MICROMANUAL activator booklet and is activated exclusively by hand.
- Oral: this type of inflation is achieved via the special mouth tube, with a non-return valve and protective cap. To inflate the chamber, simply blow into the tube.

## TO WEAR:

1. Tear open the bag
2. Extract the chamber
3. Put on the chamber
4. Secure the waist strap

# AIR 100

## SPARE PARTS

Whistle

25180

A mandatory accessory that permits an emergency sound signal to be issued. ISO 12402-8 certified

Rearming

UML: Micro Manual green pin (25003/UML2)  
Canister 24 g (26024)

## ACCESSORIES

LED light

03015

Automatically activates upon falling into the water. Renders the device visible for up to a mile. SOLAS M.E.D.-certified and USCG approved
