

# HURRICANE EVO ANTIFIFLAME 290

FEATURES	
codes: 09350/R1/AF	
<b>Type</b>	Inflatable life jacket
<b>Activators</b>	UML MK5 (code: 09350) automatic Oral tube on all versions
<b>Canister</b>	60 g 1/2" GAS threading
<b>Effective buoyancy</b>	290 N
<b>Class</b>	275
<b>Fastening mechanism</b>	Safety harness certified according to ISO 12401
<b>Certifications</b>	ISO 12402-2, ISO 12401
<b>Size</b>	Adult
<b>Weight supported</b>	> 50 kg
<b>Waist circumference</b>	86 - 124 cm
<b>Casing</b>	Para aramid aluminized fabric
<b>Chamber</b>	Single with X3D system, PA 420 PU COATED material, fluorescent yellow or yellow in colour
<b>Product packaging</b>	Carrying case in PL 420D PU + WR COATED, size approx. 55 x 33 cm, black cluster rhombus ripstop + PVC mesh
<b>Product dimensions</b>	Approx. 64 x 40 x 7 cm
<b>Product weight</b>	Approx. 1,950 g
<b>Packaging</b>	60 x 40 x 40 cm
<b>Warranty</b>	24 months
<b>Inspection</b>	Every 24 months
<b>Accessories on request</b>	Safety line
<b>Spare parts</b>	Sprayhood, whistle, automatic emergency light, crotch strap, floating knife, rearming kit

# HURRICANE EVO ANTIFLAME 290

ISO 12402-2 certified inflatable life jacket, class 275, effective buoyancy 290 N, integrated ISO 12401 harness with side-adjustment clasp and new safety closure.

Designed for activities carried out in the open sea, even in extreme weather conditions, guaranteeing maximum safety during all types of navigation. Suitable for wearing even with heavy-weight clothing.

This item is specifically designed to safely proceed with operating work equipment with open flames and when carrying out work activities aboard.

It is smart, functional and comfortable to wear, thanks to the wraparound design studied down to the last detail. Configured for maximum freedom and mobility aboard during navigation manoeuvres.

## CASING FEATURES

- Collar in breathable mesh
- Para aramid aluminized fabric
- Back support
- Zipper closure with Quick Open System
- Side-adjustment clasp
- HDPE polymer fibre safety line ring
- Quick-release double crotch strap
- Rescue assistance loop
- Lifting handle

## VERSIONS

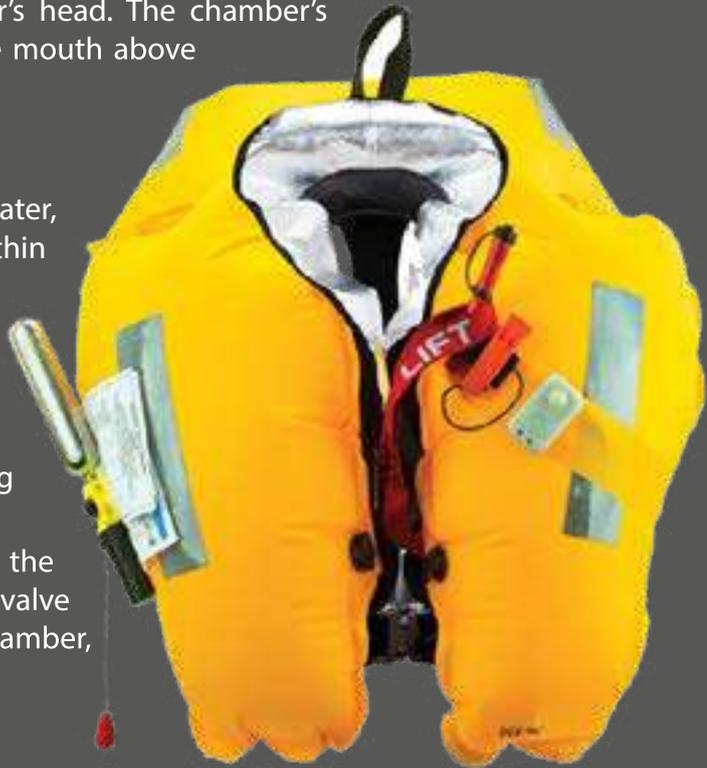

CODE	PRODUCT NAME	ACTIVATION	ACTIVATORS
09350/R1/AF	HURRICANE EVO ANTIFLAME 290	AUTOMATIC	UML MK5

# HURRICANE EVO ANTIFIFLAME 290

Floating chamber with X3D system having a single-compartment rotation system in PA 420 PU-coated fabric with electronically-controlled high-frequency welds. Designed to contour to the body's ergonomics and optimise positioning in the water. Thanks to the special V-shape, it guarantees an immediate rotation of the body and, through the "fins" structure behind the nape, provides excellent support and perfect stability to the wearer's head. The chamber's design guarantees the best clearance of the mouth above the water in the inflatable vests category.

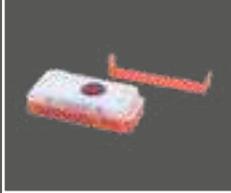

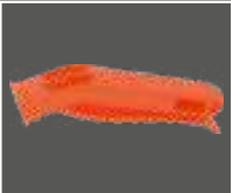

## ACTIVATION SYSTEMS:

- Automatic: upon falling into the water, the system automatically activates within 5 seconds of submersion, with the inflation of the floatation chamber. Automatic activation occurs thanks to the salt activator UML MK5, through the dissolution of a water-soluble tablet due to the pressure generated from being immersed in the water by at least 10 cm.
- Oral: this type of inflation is achieved via the special mouth tube, with a non-return valve and protective cap. To inflate the chamber, simply blow into the tube.
